

GMV Prodigy®

SPACE

Data Processing as a Service

Evolution of ground segment to cloud and micro services

A satellite view of Earth from space, showing the curvature of the planet and the dark void of space with scattered stars. The Earth's surface is a mix of blue oceans, green landmasses, and white clouds. The lighting is from the right, creating a bright horizon line.

Need of key enabler for the future EO Ground Segment? **GMV Prodigy**[®], this is the GMV's solution for maximizing EO data processing performance.

Transforming EO solutions from CAPEX to OPEX:
Ground Segment as a Service.

GMV Prodigy[®] is the Cloud solution for managing processing of data heterogeneity and automatization.

GMV Prodigy[®] is GMV's industrialized mission ground segment solution for EO constellation.

GMV Prodigy[®] is GMV's Multi-Mission Data Processing Product
